

Learning Reconsidered and Learning Reconsidered 2 Analysis Paper

Being able to synthesize concepts from written materials and apply them in your own writing is a skill that is developed through practice. This activity asks you to synthesize and apply concepts from *Learning Reconsidered* and *Learning Reconsidered 2*. You should think critically about the ideas presented and answer the following question in 5-7 pages.

“How do these publications contribute to the meaning of “student centered.”

This paper is due Sunday, September 14th by Noon in the drop box on Angel.

This activity’s learning objectives require you to:

- Apply concepts from the books
- Summarize the key points
- Discuss strengths and weaknesses of the books
- Demonstrate cogent writing skills
